

Second wind (Donald Lawrence)

We-e are people, people of faith.
We know God will do-o just, just what He-e says.
But being honest with ourselves,
sometimes we struggle with ourse-elves.
Delay has caused us to question o-our faith.

SOLO

Ooh....

...strong now as you were then.
...relevant now as it wa back whe-e-en.
...do it again. God, second wind.

...o-over jags beginning to live.
...later will be greater than your past,
...promised you,
I am going to do.
...active, watching over my word.

... Breathe again, berathe again, breathe again,
whoa, whoa, whoa
Breathe again, breathe again,
You can breathe again.

Sing again....

Live again....
